NOW, THEREFORE, BE IT RESOLVED BY THE MEMBERS OF JEFFERSON COUNTY INDUSTRIAL DEVELOPMENT AGENCY AS FOLLOWS:

Section 1. The Agency, based upon the representations made by the Company to the Agency in the Application, hereby finds and determines that:

WHEREAS, the Company presented an application for financial assistance to the Agency (“Application”) requesting that the Agency consider undertaking a project (the “Project”) consisting of the following: (A)(1) the acquisition of a leasehold interest in a portion of a certain parcel of land located in the Town of Henderson, to wit: tax parcel 106.00-2-34.1, Jefferson County, New York (the “Land”), and (2) construction, installation and equipping on the Land of a solar-powered electric generating facility, including all related equipment and improvements, with a total planned alternating current output capacity of 0.799 megawatts (the “Facility”) to be operated by the Company (the Land and the Facility collectively referred to as the “Project Facility”); (B) the granting of certain “financial assistance” (within the meaning of section 854(14) of the Act) with respect to the foregoing, including exemptions from mortgage recording taxes and real property taxes for the Project Facility (but not including special district taxes) (collectively, the “Financial”

WHEREAS, the Agency and the Company (sometimes referred to herein individually as a "Party" and collectively as the "Parties") deem it necessary and proper to execute and deliver this Agreement making provision for payments in lieu of taxes ("PILOT") by the Company for the benefit of the Tax Jurisdictions; and

WHEREAS, the Parties desire to enter into an agreement concerning the obligation of the Company to make PILOT payments in relation to the Project Facility;

NOW, THEREFORE, in consideration of the foregoing recitals and the mutual terms, conditions, limitations and agreements set forth herein, and for other good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, it is mutually agreed as follows:

Section 1. Representations and Covenants.

Each of the Parties, solely for itself, hereby represents and covenants that, as of the date of this Agreement:

a. It is duly organized, validly existing, and in good standing under the laws of the State or the state in which it is organized and has full legal right, power, and authority to execute, deliver, and perform all applicable terms and provisions of this Agreement.

b. All necessary action has been taken to authorize its execution, delivery, and performance of this Agreement, and this Agreement constitutes its legal, valid, and binding

obligation enforceable against it in accordance with the terms of this Agreement and applicable law.

c. No governmental approval by or with any government authority is required for the valid execution, delivery, and performance under this Agreement by it except such as have been duly obtained or made.

d. To the best of its knowledge, none of the execution or delivery of this Agreement, the performance of the obligations in connection with the transaction contemplated hereby, or the fulfillment of the terms and conditions hereof will (i) conflict with or violate any of its resolutions, or any of its formation documents, as amended, or of any restriction or any agreement or instrument to which it is a party and by which it is bound; (ii) conflict with, violate, or result in a breach of any applicable law, rule, regulation, or order of any court or other agency or authority of government or ordinance of the State or any political subdivision thereof; or (iii) conflict with, violate, or result in a breach of or constitute a default under or result in the imposition or creation of any mortgage, pledge, lien, security interest, or other encumbrance under this Agreement or under any term or condition of any bond, indenture, or any other agreement or instrument to which it is a party or by which it or any of its properties or assets is bound.

e. To the best of its knowledge, there is no action, suit, or proceeding, at law or in equity, or official investigation before or by any government authority pending or, to its knowledge, threatened against it, wherein an anticipated decision, ruling, or finding would result in a material adverse effect on its ability to perform its obligations under this Agreement or on the validity or enforceability of this Agreement.

f. To the best of its knowledge, the conduct of its business is in compliance with all applicable governmental approvals with respect to which a failure to comply, in any case or in the aggregate, would result in a material adverse effect on its ability to perform its obligations under this Agreement or on the validity or enforceability of this Agreement.

Section 2.1. Notice of Commercial Operation Date.

The date on which the Project becomes commercially operational, as evidenced by the Company's notice to the New York Independent System Operator ("NYISO"), if any, shall be referred to as the Commercial Operation Date (the "Commercial Operation Date" or "COD"). Within five (5) business days after the Company provides its commercial operation notice to the NYISO, if any, or commences continuous operation of the Project if no such notice is provided to the NYISO, the Company shall provide notice to the Agency of the Commercial Operation Date (the "COD Notice"). Commencement of PILOT Payments (defined below) shall depend on the Commercial Operation Date. The first March 1 taxable status date following the Commercial Operation Date shall be referred to as the COD Taxable Status Date (the "COD Taxable Status Date").

Section 2.2. Exemption from Real Property Taxes.

a. Filing of Form RP 412-a. Promptly after the execution and delivery of this Agreement, the Agency shall complete and file with the Town assessor the New York State Form RP-412-a Application For Real Property Tax Exemption for the Project Facility (the "Exemption

Application”) under Section 412-a of the New York State Real Property Tax Law (“*RPTL*”) and Section 874 of the Act. The Company shall provide the Agency the information necessary for the completion and filing of the Exemption Application.

b. Exemption from General *Ad Valorem* Taxes. Subject to the filing of the Exemption Application with the Town assessor, the Project Facility shall be exempt from all general *ad valorem* real property taxes levied against the Project Facility by the Tax Jurisdictions (“*Real Property Taxes*”) commencing with the Tax Year (as defined below) of the Tax Jurisdictions associated with the first taxable status date occurring after delivery of the Exemption Application and ending with the expiration of the Term (as defined below). “*Tax Year*” shall mean the set of fiscal years of the Tax Jurisdictions associated with an assessment roll year of the Town.

c. No Exemption from Special District Taxes. The Parties hereto understand that the tax exemption extended to the Agency by Section 874 of the Act and RPTL Section 412-a does not entitle the Agency (and thereby the Company acting as its agent) to an exemption from special assessments and special *ad valorem* taxes (“*Special District Taxes*”). Pursuant to the Agency Lease, the Company will be required to pay all Special District Taxes lawfully levied and/or assessed against the Project Facility.

d. Consequence of Denial of Exemption Application. Notwithstanding anything to the contrary contained herein or in the Company Lease and the Agency Lease, in the event the Exemption Application is denied for any reason, the Company shall pay (and hereby agrees to pay, subject to the Company’s right to challenge the underlying assessments on the Project Facility pursuant to the terms hereof) all Real Property Taxes levied upon the Project Facility as they become due. After giving written notice to the Agency, the Company may in good faith contest the denial of the Exemption Application, provided that (i) the Project Facility continues to qualify as a “project” under the Act; (ii) neither the Project Facility nor any part of or interest in it would be in any danger of being sold (except as permitted under the Agency Lease), forfeited or lost; or (iii) neither the Company nor the Agency, as a result of such contest, shall be in any danger of any civil or criminal liability. The Company hereby waives any claim or cause of action against the Agency, and releases the Agency from any liability to the Company, arising from the denial of an exemption from Real Property Taxes except to the extent that such denial results solely from the failure of the Agency or its representatives to timely file the Exemption Application with the appropriate assessor(s) or the Real Property Tax Office of the County.

Section 2.3. Scope of Exemption.

This Agreement shall cover the Company’s interest in the Project Facility but shall not cover the interests of underlying landowners or improvements owned by underlying landowners. The Company will work with the Town assessor to separately identify the Project Facility using sub-parcels or separate parcels under the Town’s tax parcel identification system.

Section 2.4. Term and PILOT Payment Years.

The term of this Agreement (the “*Term*”) shall commence as of the date of this Agreement and shall expire on December 31 of the fiscal years of the Town and the County associated with the last PILOT Payment Year (defined below) hereunder. This Agreement shall provide for payments in-lieu of Real Property Taxes that would otherwise be due (“*PILOT Payments*”) with

respect to the Tax Years associated with the first fifteen (15) annual assessment rolls commencing with the Tax Year following the COD Taxable Status Date, as illustrated in the schedule in Section 2.7(a) below (each a “*PILOT Payment Year*”). For example, the PILOT Payment Year associated with the 2022 assessment roll year (based on the March 1, 2022 taxable status date) covers the 2022-2023 fiscal year of the School District and to the 2023 fiscal years of the Town and the County.

Section 2.5. PILOT Payments.

a. PILOT Payment Amount. Commencing with the first Tax Year following the COD Taxable Status Date, the Company shall make annual PILOT Payments to the Agency for the benefit of the Tax Jurisdictions in the amounts set forth in the table below.

PILOT Payment Year	PILOT Payment (\$)
1	5,798.45
2	5,684.75
3	5,573.29
4	5,464.01
5	5,356.87
6	5,251.83
7	5,148.86
8	5,047.90

12	4,663.48
13	4,572.04
14	4,482.39
15	4,394.50

b. Supplemental PILOT Payments for Additional Improvements. Future improvements that do not become part of the Project Facility or are not directly and solely related to the operation of the Project shall not be covered by this Agreement. However, in the event the Company expands or constructs an addition to the Project Facility that is subject to the Company Lease and the Agency Lease (“*Additional Improvements*”), the Company shall make supplemental PILOT payments (“*Supplemental PILOT Payments*”) for the remainder of the Term following the first taxable status date occurring after construction of such Additional Improvements. Supplemental PILOT Payments shall be determined based on the assessment placed on any such Additional Improvements by the Town assessor. The Town assessor shall (a) appraise the Additional Improvements in the same manner as other similar properties in the general area of the Project Facility, and (b) place a value for assessment purposes upon the Additional Improvements (the “*Additional Assessed Value*”), equalized if necessary by using the appropriate equalization rates as apply in the assessment and levy of real property taxes. The Company shall be entitled to written notice of the initial establishment of such Additional Assessed Value and of any change in such Additional Assessed Value. Supplemental PILOT Payments shall equal the Additional Assessed Value times the combined property tax rate for the Tax Jurisdictions for each PILOT Payment Year for which a Supplemental PILOT Payment is owed. Supplemental PILOT Payments shall be due at the same time PILOT Payments are due.

c. Allocation of PILOT Payments. PILOT Payments shall be allocated among the Tax Jurisdictions in proportion to the amount of real property tax and other taxes which would have been received by each Tax Jurisdiction had the Project not been tax exempt due to the involvement of the Agency.

Section 2.6. Credits for Real Property Tax Payments.

Any Real Property Taxes paid by the Company to the Tax Jurisdictions with respect to the Project Facility or any portion thereof during the Term will be applied as a credit against PILOT Payments due under this Agreement. No credit shall be given for any Special District Taxes paid by the Company. If the Company desires to claim a credit against any particular PILOT Payment due hereunder, the Company shall give the tax levying Tax Jurisdiction(s) and the Agency prior written notice of its intention to claim any credit pursuant to the provisions of this Section, such notice to be given by the Company at least ten (10) days prior to the final date by which such PILOT Payment must be paid hereunder. Such credit shall be applied against the allocated share(s) of the next annual PILOT Payment made to the levying Tax Jurisdiction(s).

Section 2.7. Due Dates, Invoices, and Late Payments.

a. Due Dates. The first PILOT Payment shall be due on or before the first January 31 following the COD Taxable Status Date. Thereafter, each annual PILOT Payment shall be due on or before January 31 of the applicable PILOT Payment Year, as illustrated in the schedule shown below. The following table is intended to serve as an illustration of the timing of PILOT Payments under this Agreement, and associated fiscal years of the Tax Jurisdictions, if the Project has a COD Taxable Status Date of March 1, 2022.

Section 3. Default.

a. Event of Default. Any one or more of the following events shall constitute an event of default under this Agreement, and the terms “Event of Default” or “Default” shall mean, whenever they are used in this Agreement, any one or more of the following events:

i. Failure of the Company to make PILOT Payments by the due date; *provided, however,* that the Company and any Financing Party (as defined in the Agency Lease) shall have an opportunity to cure such non-payment by paying the full amount of the PILOT Payment, together with any penalties and interest thereon, within fifteen (15) days of receipt of written notice of Default with respect to such non-payment;

ii. Failure of any Party, or in the case of the Company, the Company and any Financing Party (as defined in the Agency Lease), to perform its obligations under this Agreement, other than the payment of PILOT Payments, for a period of thirty (30) days after written notice of Default from another Party to the defaulting Party specifying the nature of such Default and requesting that it be remedied; *provided, however,* that if such failure is not feasibly capable of cure within thirty (30) days, the defaulting Party, or in the case of the Company, the Company and any Financing Party (as defined in the Agency Lease), shall be granted additional time to effect cure, provided the effort to cure has been commenced within such thirty (30) day period and prosecuted with due diligence; or

iii. Any material warranty, representation or other statement made by or on behalf of any Party contained in this Agreement shall prove to have been false or incorrect in any material respect on the date when made or on the effective date of this Agreement and, in each

case, any material adverse effect of such false or incorrect representation or warranty is not eliminated or addressed to the reasonable satisfaction of the non-defaulting Party within a period of thirty (30) days after receipt of notice by the defaulting Party. If such false or incorrect representation or warranty is not feasibly capable of cure within thirty (30) days, the defaulting Party, or in the case of the Company, the Company and any Financing Party (as defined in the Agency Lease), shall be granted additional time to effect cure, provided the effort to cure has been commenced within such thirty (30) period and prosecuted with due diligence.

iii. Payments Upon Termination. Following termination of this Agreement, the parties anticipate that the Tax Jurisdictions will levy or re-levy Real Property Taxes on the Project Facility for all or portions of the Tax Years following the Tax Years covered by the final PILOT Payment. In the event this Agreement is terminated effective as of a date after the commencement of the current fiscal year of School District and before the Company's payment of the PILOT Payment falling due on January 31 of that fiscal year, the Company shall, not later than the effective date of termination, make a partial PILOT Payment to the Agency equal to the elapsed portion of that fiscal year at the time of termination multiplied by the portion of the forthcoming PILOT Payment which would have been due the School District pursuant to Section 2.5 above.

h. Execution in Counterpart. This Agreement may be executed in any number of counterparts each of which shall be deemed an original and all of which taken together shall constitute one and the same instrument. This Agreement, and any amendments hereto or, to the extent signed and delivered by means of a facsimile machine or electronic transmission in portable document format (PDF), shall be treated in all manner and respects as an original agreement and shall be considered to have the same binding legal effects as if it were the original signed version thereof delivered in person. No Party shall raise the use of a facsimile machine or electronic transmission in PDF to deliver a signature or the fact that any signature was transmitted or communicated through such means as a defense to the formation of an agreement and each Party forever waives any such defense.

(c) The providing of the Project Facility by the Agency and the leasing thereof by the Agency to the Company will not result in the removal of a plant, facility or other commercial activity of the Company from one area of the State to another area of the State nor result in the abandonment of one or more plants or facilities of the Company located within the State.

(d) The Project Facility and the operation thereof will conform with all applicable zoning, planning, building and environmental laws and regulations of governmental authorities having jurisdiction over the Project Facility, and the Company shall defend, indemnify and hold the Agency harmless from any liability or expenses resulting from any failure by the Company to comply with the provisions of this subsection. Section 2.1 Agreement to Lease and Transfer to Agency.

(a) The Company has leased or subleased, or will convey, to the Agency a leasehold interest in a portion of the Land more particularly described in Schedule A attached hereto, together with any and all Project-related improvements now and hereafter located thereon, and has transferred, or will transfer, an interest in machinery, equipment, and personal property related to the Project Facility, upon the terms and conditions of the Company Lease and the Bill

of Sale; *provided, however*, that the Agency's interest in the Project Facility shall be for the sole purpose of the Agency conferring the Financial Assistance and such interest undertaken by the Agency shall not include the right, authority or potential for the Agency to control operations on or at the Project Facility, nor shall (or has) the Agency participate(d) in the management or participate(d) in the development of the Project Facility.

(b) The Company agrees that the Agency's interest in such Project Facility resulting from said conveyances will be sufficient for the purposes intended by this Agency Lease and agrees that during the Term (as defined herein) it will defend, indemnify and hold the Agency harmless from any expense or liability arising out of a defect in title or a lien adversely affecting the Project Facility and will pay all reasonable expenses incurred by the Agency in defending any action respecting title to or a lien affecting the Project Facility, with the Company having the right to control the defense of any such claims or actions.

Section 2.2 Construction and Equipping of the Project Facility.

(a) The Agency hereby confirms its appointment of the Company as its true and lawful agent to undertake the Project. The Company acknowledges its appointment as the true and lawful agent of the Agency for purchases associated with the acquisition, construction, installation and equipping of the Project Facility and now accepts its appointment as agent for the purposes of undertaking the Project.

(b) The Company, as agent for the Agency, will undertake the Project. The Company hereby agrees to limit its activities as agent for the Agency under the authority of the Authorizing Resolution to acts reasonably related to the acquisition, construction, installation and equipping of the Project Facility. The right of the Company to act as agent of the Agency shall expire on the later to occur of commercial operation of the Project or completion of all mitigation and remediation associated with the construction of the Project; *provided, however*, that the Company's appointment as agent of the Agency shall not extend to activities associated with operation or maintenance of the Project.

Section 2.3 Demise of Project Facility.

The Agency hereby demises and leases the Project Facility and all machinery, equipment and personal property related to the Project Facility to the Company and the Company hereby rents and leases the Project Facility and all machinery, equipment and personal property related to the Project Facility from the Agency upon the terms and conditions of this Agency Lease.

Section 2.4 Remedies to be Pursued Against Contractors and Subcontractors and their Sureties.

In the event of a default by any contractor or any other person or subcontractor under any contract made by it in connection with the Project Facility or in the event of a breach of warranty or other liability with respect to any materials, workmanship, or performance guaranty, the Company at its expense, either separately or in conjunction with others, may pursue any and all remedies available to it and the Agency, as appropriate, against the contractor, subcontractor or manufacturer or supplier or other person so in default and against such surety for the performance of such contract. The Company, in its own name or in the name of the Agency,

may prosecute or defend any action or proceeding or take any other action involving any such contractor, subcontractor, manufacturer, supplier or surety or other person which the Company deems reasonably necessary, and in such event, the Agency, at the Company's expense, hereby agrees to cooperate fully with the Company and to take all action necessary to effect the substitution of the Company for the Agency in any such action or proceeding.

Section 2.5 Duration of Lease Term; Quiet Enjoyment.

(a) The Agency shall deliver to the Company sole and exclusive possession of the Project Facility (subject to the provisions of Section 5.3 and ARTICLE VII hereof) and the leasehold estate created hereby shall commence as of the date first written above.

(b) The leasehold estate created hereby shall terminate at 11:59 P.M. on December 31 of the calendar year in which the final PILOT Payment (as defined in the PILOT Agreement) is made pursuant to the PILOT Agreement or on such earlier date as may be permitted by Section 8.1 hereof (such period shall be defined as the "Term").

(c) The Agency shall, subject to the provisions of Section 5.3 and ARTICLE VII hereof neither take nor suffer nor permit any action, other than pursuant to ARTICLE VII or ARTICLE VIII of this Agency Lease, to prevent the Company during the term of this Agency Lease from having quiet and peaceable possession and enjoyment of the Project Facility and will, at the request of the Company and at the Company's cost, cooperate with the Company in order that the Company may have quiet and peaceable possession and enjoyment of the Project Facility as hereinabove provided.

Section 2.6 Rents.

The Company shall pay rent for the Project Facility as follows:

(a) Upon execution and delivery of this Agency Lease, the Company shall pay to the Agency a fee in the amount of \$27,805.00 (the "Agency Fee").

(b) Upon execution and delivery of this Agency Lease, the Company shall pay to the Agency an amount equal to the Agency's counsel fees and expenses relating to the Project.

(c) During the Term, the Company shall pay to the Agency as additional rent, within thirty (30) days of the receipt of demand therefor, an amount equal to the sum of the reasonable and documented expenses of the Agency and the members thereof incurred (i) for the reason of the Agency's leasing of the Project Facility and (ii) in connection with the carrying out of the Agency's duties and obligations under this Agency Lease.

(d) The Company agrees to make the above-mentioned payments, without any further notice, in lawful money of the United States of America as, at the time of payment, shall be legal tender for the payment of public or private debts. In the event the Company shall fail to timely make any payment required in this Section 2.6, the Company shall pay the same together with interest from the date said payment is due at the rate of six percent (6%) per annum.

Section 2.7 Obligations of Company Hereunder Unconditional.

(a) The obligations of the Company to make the payments required in Section 2.6 hereof during the Term and to perform and observe any and all of the other covenants and agreements on its part contained herein shall be a general obligation of the Company and shall be absolute and unconditional irrespective of any defense or any rights of setoff, recoupment or counterclaim it may otherwise have against the Agency. The Company agrees it will not (i) suspend, discontinue or abate any payment required by Section 2.6 hereof, (ii) fail to observe any of its other covenants or agreements in this Agency Lease, or (iii) except as provided in Section 8.1 hereof, terminate this Agency Lease for any cause whatsoever including, without limiting the generality of the foregoing, failure to complete the Project Facility, any defect in the title, design, operation, merchantability, fitness or condition of the Project Facility or in the suitability of the Project Facility for the Company's purposes and needs, failure of consideration, destruction of or damage to the Project Facility, commercial frustration of purpose, or the taking by condemnation of title to or the use of all or any part the Project Facility, any change in the tax or other laws of the United States of America or administrative rulings of or administrative actions by the State or any political subdivision of either, or any failure of the Agency to perform and observe any agreement, whether expressed or implied, or any duty, liability or obligation arising out of or in connection with this Agency Lease, or otherwise. Subject to the foregoing provisions, nothing contained in this Section shall be construed to release the Agency from the performance of any of the agreements on its part contained in this Agency Lease or to affect the right of the Company to seek reimbursement, and in the event the Agency should fail to perform any such agreement, the Company may institute such separate action against the Agency as the Company may deem necessary to compel performance or recover damages for nonperformance, and the Agency covenants that it will not, subject to the provisions of Section 6.1, take, suffer or permit any action which will adversely affect, or create any defect in its title to the Project Facility or which will otherwise adversely affect the rights or estates of the Company hereunder, except upon written consent of the Company. None of the foregoing shall relieve the Company of its obligations under Section 5.2 hereof.

Section 2.8 Easements.

The Company shall have the sole and exclusive right and obligation to execute any and all easements in connection with the Project.

ARTICLE III
MAINTENANCE, MODIFICATIONS, TAXES AND INSURANCE

Section 3.1 Maintenance and Modifications of Project Facility by Company.

(a) The Company agrees that during the Term it or its operator will use commercially reasonable efforts to: (i) keep the Project Facility in as reasonably safe condition as its operations shall permit; (ii) make all necessary repairs and replacements to the Project Facility (whether ordinary or extraordinary, structural or nonstructural, foreseen or unforeseen); (iii) operate the Project Facility in a sound and prudent manner; and (iv) operate the Project Facility such that it continues to qualify as a "project" under the Act and pursuant to the terms contained herein. The

Company will indemnify and hold the Agency harmless from any liability or expenses from the failure by the Company to comply with (i), (ii), (iii) or (iv) above.

(b) The Company at its own expense, from time to time may make any structural additions, modifications or improvements to the Project Facility or any part thereof which it may deem desirable for its business purposes and uses. All such structural additions, modifications or improvements so made by the Company shall become a part of the Project Facility. The Company agrees to deliver to the Agency all documents which may be necessary or appropriate to convey to the Agency a leasehold interest in such property; *provided, however*, the Company shall not be qualified for a sales and use tax exemption when making said additions, modifications or improvements except to the extent (i) the Company and Indirect Agents (as defined herein) are acting as agents for the Agency under an agent agreement between the Agency and the Company which contemplates said additions, modifications or improvements or (ii) as otherwise provided by law.

Section 3.2 Installation of Additional Equipment.

The Company from time to time may install additional machinery, equipment, or other personal property in the Project Facility (which may be attached or affixed to the Project Facility). All such machinery, equipment, or other personal property shall become, or be deemed to become, a part of the Project Facility; *provided, however*, the Company shall not be qualified for a sales and use tax exemption when installing said additional machinery, equipment, or other personal property in the Project Facility except to the extent (i) the Company and Indirect Agents (as defined herein) are acting as agents for the Agency under an agent agreement between the Agency and the Company which contemplates said additional machinery, equipment or other personal property or (ii) as otherwise provided by law. Nothing herein shall prevent the Company from removing or permitting the removal of machinery, equipment, or other personal property at any time.

Section 3.3 Taxes, Assessments and Utility Charges.

(a) Subject to the terms of the PILOT Agreement, the Company agrees to pay, as the same respectively become due, (i) all special assessments and special *ad valorem* tax levies which may at any time be lawfully assessed or levied against or with respect to the Project Facility, (ii) all payments under the PILOT Agreement (a copy of which is attached hereto as Exhibit B), (iii) all utility and other charges, including “service charges”, incurred or imposed for the operation, maintenance, use, occupancy, upkeep and improvement of the Project Facility, and (iv) all assessments and charges of any kind whatsoever lawfully made by any governmental body for public improvements; provided that, with respect to special assessments or other governmental charges that may lawfully be paid in installments over a period of years, the Company shall be obligated under this Agency Lease to pay only such installments as are required to be paid during the Term.

(b) The Company, at its own expense, and in its own name and on behalf of or in the name and on behalf of the Agency, but with notice to the Agency, may in good faith contest any such taxes, assessments and other charges. In the event of any such contest, the Company may, with prior written notice to the Agency, permit the taxes, assessments or other charges so

contested to remain unpaid during the period of such contest and any appeal therefrom unless the Agency reasonably requests payment prior to settlement.

Section 3.4 Insurance Required.

During the Term, the Company shall maintain or cause to be maintained insurance with respect to the Project Facility against such risks and for such amounts as are customarily insured against by businesses of like size and type paying, as the same become due and payable, all premiums with respect thereto, including, but not necessarily limited to:

(a) Insurance against loss or damage to the Project Facility by fire, lightning and other insured perils normally insured against, with a uniform standard extended coverage endorsement, such insurance to be in an amount not less than full replacement value of the Project Facility, exclusive of excavations and foundations, as determined by a recognized appraiser or insurer selected by the Company. As an alternative to the requirements in this subsection, the Company may insure such property under a blanket insurance policy or policies covering not only the Project Facility, but other properties as well.

(b) To the extent applicable, workers' compensation insurance, disability benefits insurance, and each other form of insurance which the Agency or the Company is required by law to provide, covering loss resulting from injury, sickness, disability or death of employees of the Company who are located at or assigned to the Project Facility.

(c) Insurance protecting the Company, as insured, and the Agency, as an additional insured, as their interests may appear, against loss or losses from liabilities imposed by law or assumed in any written contract (including the contractual liability assumed by the Company under Section 5.2 hereof) and arising from personal injury or death or damage to the property of others caused by any accident or occurrence, with limits of not less than \$1,000,000 per accident or occurrence on account of personal injury, including death resulting therefrom, and \$1,000,000 per accident or occurrence on account of damage to the property of others, excluding liability imposed upon the Company by any applicable workmen's compensation law; and a separate umbrella liability policy protecting the Company, as insured, and the Agency, as an additional insured, as their interests may appear, with a limit of not less than \$2,000,000, against any loss or liability or damage for personal injury or property damage.

Section 3.5 Additional Provisions Respecting Insurance.

(a) All insurance required by Section 3.4 hereof shall name the Company, as insured, and the Agency, as an additional insured, as their interests may appear, but only to the extent of the liabilities assumed by the Company under this Agency Lease. All insurance shall be procured and maintained in financially sound and generally recognized responsible insurance companies selected by the Company and authorized to write such insurance in the State. Such insurance may be written with deductible amounts comparable to those on similar policies carried by other companies engaged in businesses similar in size, character and other respects to those in which the Company is engaged. All policies evidencing such insurance shall provide for (i) payment of the losses of the Company, as insured, and the Agency, as an additional insured, as their interests may appear, and (ii) at least thirty (30) days written notice of the cancellation

thereof to the Company and the Agency. The Company shall provide the Agency with written notice of such cancellation, lapse, reduction of benefits or material change in coverage thereof immediately following the Company's receipt of such notice from the insurer.

(b) Certificates of insurance shall be deposited with the Agency upon or before execution and delivery of this Agency Lease to evidence that insurance is in force and effect. Within thirty (30) days before the expiration of any policy evidenced by said certificates, the Company shall furnish to the Agency evidence that the policy has been renewed or replaced with no lapse in coverage. Notice shall be given for coverage and/or policies no longer required by this Agency Lease.

Section 3.6 Application of Net Proceeds of Insurance.

The net proceeds of the insurance carried pursuant to the provisions of Section 3.4 hereof shall be applied as follows:

(a) the net proceeds of the insurance required by Section 3.4(a) hereof shall be applied as provided in Section 4.1 hereof, and

(b) the net proceeds of the insurance required by Section 3.4(b) and Section 3.4(c) hereof shall be applied toward extinguishment or satisfaction of the liability with respect to which such insurance proceeds may be paid.

Section 3.7 Right of Agency to Pay Taxes, Insurance Premiums and Other Charges.

If the Company fails (i) to pay any tax, assessment or other governmental charge required to be paid by and not otherwise contested under Section 3.3 hereof, or (ii) to maintain any insurance required to be maintained by Section 3.4 hereof, the Agency may pay such tax, assessment or other governmental charge or the premium for such insurance. The Company shall reimburse the Agency (within fifteen (15) days of written demand therefor) for any amount so paid together with interest thereon from the date of payment at nine percent (9%) per annum.

ARTICLE IV

(i) the Agency shall have no obligation to replace, repair, rebuild or restore the Project Facility;

(ii) there shall be no abatement or reduction in the amounts payable by the Company under this Agency Lease; and

(iii) except as otherwise provided in subsection (b) of this Section, the Company shall promptly replace, repair, rebuild or restore the Project Facility to substantially the same condition and value as an operating entity as existed prior to such damage or destruction, with such changes, alterations and modifications as may be desired by the Company and may use insurance proceeds for all such purposes.

All such replacements, repairs, rebuilding or restoration made pursuant to this Section, whether or not requiring the expenditure of the Company's own money, shall automatically become a part of the Project Facility as if the same were specifically described herein.

(b) The Company shall not be obligated to replace, repair, rebuild or restore the entire Project Facility, and the net proceeds of the insurance shall not be applied as provided in subsection (a) of this Section, if the Company shall exercise its option to terminate this Agency Lease pursuant to Section 8.1 hereof.

(c) Notwithstanding the foregoing, if the Project Facility is partially damaged or destroyed, the Company shall not be obligated to replace, repair, rebuild or restore the damaged or destroyed portion of the Project Facility, and the net proceeds of the insurance shall not be applied as provided in subsection (a) of this Section, if such replacement, repair, rebuilding, or restoration would require the expenditure of the Company's own money.

(d) The Company may adjust all claims under any policies of insurance required by Section 3.4 hereof.

Section 4.2 Condemnation.

(a) If at any time during the Term the whole or any part of title to, or the use of, the Project Facility shall be taken by condemnation, the Agency shall have no obligation to restore or replace the Project Facility and there shall be no abatement or reduction in the amounts payable by the Company under this Agency Lease. The Agency shall not have any interest whatsoever in any condemnation award, and the Company shall have the exclusive right to same. Except as otherwise provided in subsection (b) of this Section, the Company shall promptly:

(i) restore the Project Facility (excluding any land taken by condemnation) to substantially the same condition and value as an operating entity as existed prior to such condemnation, or

(ii) acquire, by construction or otherwise, facilities of substantially the same nature and value as an operating entity as the Project Facility.

The Project Facility, as so restored, or the substitute facilities, whether or not requiring the expenditure of the Company's own moneys, shall automatically become part of the Project Facility as if the same were specifically described herein.

(b) The Company shall not be obligated to restore the Project Facility or acquire substitute facilities, and the net proceeds of any condemnation award shall not be applied as provided in Section 4.2(a), if the Company shall exercise its option to terminate this Agency Lease pursuant to Section 8.1 hereof.

(c) Notwithstanding the foregoing, if the Project Facility is partially condemned, the Company shall not be obligated to replace, repair, rebuild or restore the condemned portion of the Project Facility, and the condemnation award shall not be applied as provided in subsection (a) of this Section, if such replacement, repair, rebuilding, or restoration would require the expenditure of the Company's own money.

(d) The Agency shall cooperate fully with the Company in the handling and conduct of any condemnation proceeding with respect to the Project Facility. In no event shall the Agency voluntarily settle, or consent to the settlement of, any condemnation proceeding with respect to the Project Facility without the prior written consent of the Company.

Section 4.3 Condemnation of Company Owned Property.

The Company shall be entitled to the proceeds of any condemnation award or portion thereof made for damage to or taking of any property which, at the time of such damage or taking, is not part of the Project Facility.

Section 7.1 Events of Default Defined.

(a) Each of the following shall constitute an "Event of Default" under this Agency Lease:

(i) If the Company fails to pay the amounts required to be paid pursuant to Section 2.6 of this Agency Lease within the time period for such payments;

(ii) If there is any purposeful, willful and knowing breach by the Company of any of its other agreements or covenants set forth in this Agency Lease;

(iii) If there is any failure by the Company to observe or perform any other covenant, condition or agreement required by this Agency Lease or any other agreement between the Agency and the Company;

(iv) If any representation or warranty of the Company contained in this Agency Lease is incorrect in any material respect; or

(v) Any Event of Default, and failure to cure such Default within the allowed time period, under the PILOT Agreement.

(b) Notwithstanding the provisions of Section 7.1(a), if by reason of *force majeure* either Party shall be unable in whole or in part to carry out its obligations under this Agency Lease and if such Party shall give notice and full particulars of such *force majeure* in writing to the other Party within a reasonable time after the occurrence of the event or cause relied upon, the obligations under this Agency Lease of the Party giving such notice, so far as they are affected by such *force majeure*, shall be suspended during continuance of the inability, which shall include a reasonable time for the removal of the effect thereof. The suspension of such obligations for such period pursuant to this subsection shall not be deemed an Event of Default under this Section. Notwithstanding anything to the contrary in this subsection, an event of *force majeure* shall not excuse, delay or in any way diminish the obligations of the Company to make the payments required by Section 2.6, Section 3.3, and Section 5.11 hereof, to obtain and continue in full force and effect the insurance required by Section 3.4 hereof, and to provide the indemnity required by Section 5.2 hereof and to comply with the terms of ARTICLE V and Section 7.1(a)(i) hereof. The term “*force majeure*” as used herein shall include, without limitation, acts of God, strikes, lockouts or other industrial disturbances, acts of public enemies, acts, priorities or orders of any kind of the government of the United States of America or of the State or any of their departments, agencies, governmental subdivisions, or officials, any civil or military authority, insurrections, riots, epidemics, landslides, lightning, earthquakes, fire, hurricanes, storms, floods, washouts, droughts, arrests, restraint of government and people, civil disturbances, explosions, breakage or accident to machinery, transmission pipes or canals, shortages of labor or materials or delays of carriers, partial or entire failure of utilities, shortage of energy or any other cause or event not reasonably within the control of the Party claiming such inability and not due to its fault. The Party claiming such inability shall use commercially reasonable efforts to remove the cause for the same with all reasonable promptness. It is agreed that the settlement of strikes, lock-outs and other industrial disturbances shall be entirely within the discretion of the Party having difficulty, and the Party having difficulty shall not be required to settle any strike, lock-out and other industrial disturbances by acceding to the demands of the opposing party or parties.

Section 7.2 Right to Cure Event of Default.

The Company and any Financing Party shall have an opportunity to cure any Event of Default associated with the Company's failure to make a payment hereunder by paying the full amount due, together with any penalties and interest thereon, within fifteen (15) days of the Company's receipt of written Notice of Default (as defined below) with respect thereto. The Company and any Financing Party shall have an opportunity to cure any Event of Default associated with the Company's failure to perform its obligations under this Agreement, other than for payment, for a period of thirty (30) days after the Company's receipt of a written Notice of Default (as defined below) specifying the nature of such Default and requesting that it be remedied; *provided, however*, that if such failure is not feasibly capable of cure within thirty (30) days, the Company and any Financing Party shall be granted additional time to effect cure, provided the effort to cure has been commenced within such thirty (30) day period and prosecuted with due diligence.

Section 7.3 Remedies on Event of Default.

Subject to Section 7.2 hereof, whenever any Event of Default shall have occurred and be continuing, the Agency may take, to the extent permitted by law, any one or more of the following remedial steps:

(a) Declare, by written notice to the Company ("Notice of Default"), to be immediately due and payable, whereupon the same shall become immediately due and payable, all amounts then due under this Agency Lease.

(b) Take any other action as it shall deem necessary to cure any such Event of Default, provided that the taking of any such action shall not be deemed to constitute a waiver of such Event of Default.

(c) Take any other action at law or in equity which may appear necessary or desirable to collect the payments then due or thereafter to become due hereunder, and to enforce the obligations, agreements or covenants of the Company under this Agency Lease.

(d) Terminate the Company Lease, this Agency Lease and the PILOT Agreement and convey the Project Facility to the Company or its designee, if such Event of Default continues and remains uncured within the time period to cure pursuant to Section 7.2 hereof.

Section 7.4 Remedies Cumulative.

No remedy herein conferred upon or reserved to the Agency is intended to be exclusive of any other available remedy, but each and every such remedy shall be cumulative and in addition to every other remedy given under this Agency Lease or now or hereafter existing at law or in equity. No delay or omission to exercise any right or power accruing upon any default shall impair any such right or power or shall be construed to be a waiver thereof, but any such right and power may be exercised from time to time and as often as may be deemed expedient.

Section 7.5 Agreement to Pay Attorneys' Fees and Expenses.

In the event the Company should default under any of the provisions of this Agency Lease and the Agency should employ attorneys or incur other expenses for the collection of amounts payable hereunder or the enforcement of performance or observance of any obligations or agreements on the part of the Company herein contained, the Company shall, on demand therefor, pay to the Agency the reasonable fees of such attorneys and such other expenses so incurred.

Section 7.6 No Additional Waiver Implied by One Waiver.

In the event any agreement contained herein should be breached by any Party and thereafter waived by any other Party, such waiver shall be limited to the particular breach so waived and shall not be deemed to waive any other breach hereunder.

ARTICLE VIII
EARLY TERMINATION OF AGREEMENT; OBLIGATIONS OF COMPANY

Section 8.1 Early Termination of Agreement.

(a) The Company shall have the option at any time to terminate this Agency Lease upon filing with the Agency a certificate signed by an authorized representative of the Company stating the Company's intention to do so pursuant to this Section and upon compliance with the requirements, including payment of the Termination Payment (as defined below), set forth in Section 8.2 hereof.

(b) The Agency shall have the option at any time to terminate this Agency Lease upon any Default of the Company under this Agency Lease, the Company Lease or the PILOT Agreement, after fifteen (15) days' written notice to the Company and opportunity on the part of the Company or any Financing Party to cure such Default.

Section 8.2 Obligations Associated with Expiration or Termination of Agency Lease.

(a) Upon expiration or termination of this Agency Lease in accordance with the terms hereof, the Agency shall surrender to the Company all of its right, title and interest in the Project Facility for One Dollar (\$1.00) plus all rent payments due and unpaid as of the effective date of termination as described in Section 2.6 hereof (the "*Termination Payment*").

(b) The Company hereby irrevocably appoints and designates the Agency as its attorney-in-fact for the purpose of executing and delivering and recording any necessary terminations of lease together with any documents required in connection therewith, including a bill of sale to Company for any machinery, equipment, and personal property related to the Project Facility, and to take such other and further actions in accordance with this Agency Lease as shall be reasonably necessary to terminate the Agency's interest in the Project upon the expiration or termination hereof. Notwithstanding any such expiration or termination of this Agency Lease, the Company's obligations under Section 3.4 and Section 5.2 hereof shall continue notwithstanding any such termination or expiration.

ARTICLE IX
RECAPTURE OF AGENCY BENEFITS

Section 9.1 Recapture of Agency Benefits.

(a) It is understood and agreed by the parties hereto that the Agency is entering into this Agency Lease in order to provide Financial Assistance to the Company for the Project Facility and in furtherance of the purposes of Article 18-A of the Act. In consideration therefor, the Company hereby agrees that in the event of a Recapture Event (as defined below), the Agency may require the Company to pay up to one hundred percent (100%) of the Recaptured Benefits (as defined below).

(b) The term "*Recaptured Benefits*" shall mean an amount equal to 100% of the tax abatements associated with the Financial Assistance, which Recaptured Benefits from time to

time shall be payable directly to the Agency, within thirty (30) days after such notice, upon the occurrence of a Recapture Event (as defined below) in accordance with the provisions of subsection (c) below and the declaration of a Recapture Event (as defined below) by written notice from the Agency to the Company.

(c) The term “Recapture Event” means any of the following events:

(i) The Project Facility ceases to be a “project” within the meaning of the Act through the act or omission of the Company; or

(ii) The sale of the Project Facility or closure of the Project Facility or departure of the Company from Jefferson County, except as due to casualty, condemnation, or force majeure, or as otherwise provided in this Agency Lease; or

(iii) Any significant deviation from the information represented in the Application, including the number of FTEs (as defined below) anticipated to be hired in connection with the Project, which would constitute a significant diminution of the Company’s activities in, or commitment to, Jefferson County, New York. For purposes of measuring employment, a “FTE” shall mean either: (i) a full-time, permanent, private-sector employee located at the Project Facility or performing work for the benefit of the Project Facility, regardless of whether such employee is on the payroll of the Company, the Company’s contractors, or any of such contractor’s subcontractors, who has worked at or for the benefit of the Project Facility for a minimum of thirty-five (35) hours per week for not less than four (4) consecutive weeks and who is entitled to receive the usual and customary fringe benefits extended by their employer to other employees with comparable rank and duties; or (ii) two or more part-time, permanent, private-sector employees located at the Project Facility or performing work for the benefit of the Project Facility, regardless of whether such employee is on the payroll of the Company, the Company’s contractors, or any of such contractor’s subcontractors, who have worked at or for the benefit of the Project Facility for a combined minimum of thirty-five (35) hours per week for not less than four (4) consecutive weeks and who are entitled to receive the usual and customary fringe benefits extended by their employer to other employees with comparable rank and duties. A failure on the part of the Company to hire at least fifty percent (50%) of the number of FTEs anticipated to be hired in connection with the Project, as represented in the Application, shall constitute a Recapture Event. The Agency acknowledges that the Company represented in the Application that the number of permanent FTEs anticipated to be hired in connection with the Project was zero. Notwithstanding that, the number of FTEs shall be reported on the annual jobs certificate pursuant to Section 5.12 hereof.

Notwithstanding the foregoing, a Recapture Event shall not be deemed to have occurred if the Recapture Event shall have arisen as a result of (i) a “force majeure” event (as more particularly defined in Section 7.1 hereof), (ii) a taking or condemnation by governmental authority of all or part of the Project Facility, or (iii) the election of the Company after the Project Facility shall have been destroyed or damaged in whole or in part (such occurrence a “Loss Event”) to not rebuild, repair, restore or replace the Project Facility to substantially its condition prior to such Loss Event.

(d) In the event any payment owing by the Company under this Section shall not be paid on demand by the Agency, such payment shall bear interest from the date of such demand at an annual rate equal to nine percent (9%), but in no event at a rate higher than the maximum lawful prevailing rate, until the Company shall have made such payment in full, together with such accrued interest to the date of payment, to the Agency (except as otherwise specified above).

(e) In the event the Agency should employ attorneys or incur other expenses for the collection of amounts payable under this section, or the enforcement of performance or observance of any obligations or agreements on the part of the Company, in connection with a Recapture Event, the Company shall, on demand therefor, pay to the Agency, the reasonable fees of such attorneys and such other expenses so incurred.

assumed in writing by the public instrumentality or political subdivision resulting from such consolidation or surviving such merger or to which the Agency's rights and interests hereunder shall be assigned.

(b) As of the date of any such consolidation, merger or assignment, the Agency shall give notice thereof in reasonable detail to the Company. (c) No order or decree of specific performance with respect to any of the obligations of the Agency hereunder shall be sought or enforced against the Agency unless (i) the Party seeking such order or decree shall first have requested the Agency in writing to take the action sought in such order or decree of specific performance, and ten (10) days shall have elapsed from the date of receipt of such request, and the Agency shall have refused to comply with such request (or, if compliance therewith would reasonably be expected to take longer than ten (10) days, shall have failed to institute and diligently pursue action to cause compliance with such request) or failed to respond within such notice period, (ii) if the Agency refuses to comply with such request and the Agency's refusal to comply is based on its reasonable expectation that it will incur fees and expenses, the Party seeking such order or decree shall have placed in an

account with the Agency an amount or undertaking sufficient to cover such reasonable fees and expenses, and (iii) if the Agency refuses to comply with such request and the Agency's refusal to comply is based on its reasonable expectation that it or any of its members, officers, agents (other than the Company) or employees shall be subject to potential liability, the Party seeking such order or decree shall agree to indemnify and hold harmless the Agency and its members, officers, agents (other than the Company) and employees against all liability expected to be incurred as a result of compliance with such request.

Section 10.16 No Recourse; Special Obligation of Company.

All obligations of the Company contained in this Agency Lease shall be deemed to be the corporate obligations of the Company and not obligations of any member, officer, official, agent, servant, employee, or affiliate of the Company. No recourse upon any obligation contained in this Agency Lease, or otherwise based on or in respect of this Agency Lease, shall be had against any past, present, or future member, officer, official, agent, servant, employee, or affiliate of the Company.

Section 10.17 No Joint Venture Created.

The Agency and the Company mutually agree that by entering into this Agency Lease the parties hereto are not entering into a joint venture.

PILOT AGREEMENT

This **PAYMENT IN-LIEU OF TAX AGREEMENT**, dated as of May 27, 2021 (the "Agreement"), by and between the **JEFFERSON COUNTY INDUSTRIAL DEVELOPMENT AGENCY**, a public benefit corporation duly existing under the laws of the State of New York with offices at 800 Starbuck Avenue, Watertown, New York (the "Agency"), and **BUTTERVILLE ROAD SOLAR, LLC**, a limited liability company organized under the laws of the State of Delaware with offices at 101 Summer Street, Boston, Massachusetts (the "Company"),

WITNESSETH:

THAT WHEREAS, Title 1 of Article 18-A of the General Municipal Law of the State of New York ("Enabling Act") was duly enacted into law as Chapter 1030 of the Laws of 1969 of the State of New York ("State"); and

WHEREAS, the Enabling Act authorizes the creation of industrial development agencies for the benefit of the several counties, cities, villages and towns in the State and empowers such agencies, among other things, to acquire, construct, reconstruct, lease, improve, maintain, equip and sell land and any building or other improvement, and all real and personal properties, including, but not limited to, machinery and equipment deemed necessary in connection therewith, whether or not now in existence or under construction, which shall be suitable for manufacturing, warehousing, research, commercial or industrial facilities, in order to advance job opportunities, health, general prosperity and the economic welfare of the people of the State and to improve its standard of living; and

WHEREAS, the Enabling Act further authorizes each such agency to lease any or all of its facilities at such rentals and on such other terms and conditions as it deems advisable; and

WHEREAS, pursuant to and in connection with the provisions of the Enabling Act, Chapter 369 of the Laws of 1971 of the State, as amended, constituting Section 892-e of said General Municipal Law (said chapter and the Enabling Act, both as amended, collectively referred to as the "Act") created the Agency which is empowered under the Act to undertake the providing, financing and leasing of the facility described below; and

WHEREAS, the Company presented an application for financial assistance to the Agency ("Application") requesting that the Agency consider undertaking a project (the "Project") consisting of the following: (A)(1) the acquisition of a leasehold interest in a portion of a certain parcel of land located in the Town of Henderson, to wit: tax parcel 106.00-2-34.1, Jefferson County, New York (the "Land"), and (2) construction, installation and equipping on the Land of a solar-powered electric generating facility, including all related equipment and improvements, with a total planned alternating current output capacity of 0.799 megawatts (the "Facility") to be operated by the Company (the Land and the Facility collectively referred to as the "Project Facility"); (B) the granting of certain "financial assistance" (within the meaning of section 854(14) of the Act) with respect to the foregoing, including exemptions from mortgage recording taxes and real property taxes for the Project Facility (but not including special district taxes) (collectively, the "Financial

Assistance"); and (C) the sublease of the Project Facility back to the Company or such other person as may be designated by the Company and agreed upon by the Agency; all as contemplated by and in furtherance of the purposes of Article 18-A of the Act; and

WHEREAS, the Affected Tax Jurisdictions (as such term is defined in the Act) with respect to the Project are the Town of Henderson (the "Town"), Jefferson County (the "County"), and the Belleville Henderson Central School District (the "School District"), and together with the Town and the County, the "Tax Jurisdictions"; and

WHEREAS, in order to induce the Company to develop the Project Facility, the Agency is willing to take a leasehold interest in the Project Facility pursuant to the terms and conditions of a certain company lease agreement dated as of the date hereof (the "Company Lease"), to take an interest in the machinery, equipment, and personal property related to the Project Facility pursuant to the terms and conditions of a certain bill of sale dated as of the date hereof (the "Bill of Sale"), and to lease said Project Facility back to the Company pursuant to the terms and conditions of a certain agency lease agreement dated as of the date hereof (the "Agency Lease"); and

WHEREAS, pursuant to Section 874(1) of the Act, the Agency is exempt from the payment of taxes imposed upon real property and improvements under its jurisdiction, control or supervision, other than special *ad valorem* levies, special assessments and service charges against real property which are or may be imposed for special improvements or special district improvements; and

WHEREAS, the Agency and the Company (sometimes referred to herein individually as a "Party" and collectively as the "Parties") deem it necessary and proper to execute and deliver this Agreement making provision for payments in lieu of taxes ("PILOT") by the Company for the benefit of the Tax Jurisdictions; and

WHEREAS, the Parties desire to enter into an agreement concerning the obligation of the Company to make PILOT payments in relation to the Project Facility;

NOW, THEREFORE, in consideration of the foregoing recitals and the mutual terms, conditions, limitations and agreements set forth herein, and for other good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, it is mutually agreed as follows:

Section 1. Representations and Covenants.

Each of the Parties, solely for itself, hereby represents and covenants that, as of the date of this Agreement:

a. It is duly organized, validly existing, and in good standing under the laws of the State or the state in which it is organized and has full legal right, power, and authority to execute, deliver, and perform all applicable terms and provisions of this Agreement.

b. All necessary action has been taken to authorize its execution, delivery, and performance of this Agreement, and this Agreement constitutes its legal, valid, and binding

obligation enforceable against it in accordance with the terms of this Agreement and applicable law.

c. No governmental approval by or with any government authority is required for the valid execution, delivery, and performance under this Agreement by it except such as have been duly obtained or made.

d. To the best of its knowledge, none of the execution or delivery of this Agreement, the performance of the obligations in connection with the transaction contemplated hereby, or the fulfillment of the terms and conditions hereof will (i) conflict with or violate any of its resolutions, or any of its formation documents, as amended, or of any restriction or any agreement or instrument to which it is a party and by which it is bound; (ii) conflict with, violate, or result in a breach of any applicable law, rule, regulation, or order of any court or other agency or authority of government or ordinance of the State or any political subdivision thereof; or (iii) conflict with, violate, or result in a breach of or constitute a default under or result in the imposition or creation of any mortgage, pledge, lien, security interest, or other encumbrance under this Agreement or under any term or condition of any bond, indenture, or any other agreement or instrument to which it is a party or by which it or any of its properties or assets is bound.

e. To the best of its knowledge, there is no action, suit, or proceeding, at law or in equity, or official investigation before or by any government authority pending or, to its knowledge, threatened against it, wherein an anticipated decision, ruling, or finding would result in a material adverse effect on its ability to perform its obligations under this Agreement or on the validity or enforceability of this Agreement.

f. To the best of its knowledge, the conduct of its business is in compliance with all applicable governmental approvals with respect to which a failure to comply, in any case or in the aggregate, would result in a material adverse effect on its ability to perform its obligations under this Agreement or on the validity or enforceability of this Agreement.

Section 2.1. Notice of Commercial Operation Date.

The date on which the Project becomes commercially operational, as evidenced by the Company's notice to the New York Independent System Operator ("NYISO"), if any, shall be referred to as the Commercial Operation Date (the "Commercial Operation Date" or "COD"). Within five (5) business days after the Company provides its commercial operation notice to the NYISO, if any, or commences continuous operation of the Project if no such notice is provided to the NYISO, the Company shall provide notice to the Agency of the Commercial Operation Date (the "COD Notice"). Commencement of PILOT Payments (defined below) shall depend on the Commercial Operation Date. The first March 1 taxable status date following the Commercial Operation Date shall be referred to as the COD Taxable Status Date (the "COD Taxable Status Date").

Section 2.2. Exemption from Real Property Taxes.

a. Filing of Form RP 412-a. Promptly after the execution and delivery of this Agreement, the Agency shall complete and file with the Town assessor the New York State Form RP-412-a Application For Real Property Tax Exemption for the Project Facility (the "Exemption

Application”) under Section 412-a of the New York State Real Property Tax Law (“RPTL”) and Section 874 of the Act. The Company shall provide the Agency the information necessary for the completion and filing of the Exemption Application.

b. Exemption from General Ad Valorem Taxes. Subject to the filing of the Exemption Application with the Town assessor, the Project Facility shall be exempt from all general *ad valorem* real property taxes levied against the Project Facility by the Tax Jurisdictions (“Real Property Taxes”) commencing with the Tax Year (as defined below) of the Tax Jurisdictions associated with the first taxable status date occurring after delivery of the Exemption Application and ending with the expiration of the Term (as defined below). “Tax Year” shall mean the set of fiscal years of the Tax Jurisdictions associated with an assessment roll year of the Town.

c. No Exemption from Special District Taxes. The Parties hereto understand that the tax exemption extended to the Agency by Section 874 of the Act and RPTL Section 412-a does not entitle the Agency (and thereby the Company acting as its agent) to an exemption from special assessments and special *ad valorem* taxes (“Special District Taxes”). Pursuant to the Agency Lease, the Company will be required to pay all Special District Taxes lawfully levied and/or assessed against the Project Facility.

d. Consequence of Denial of Exemption Application. Notwithstanding anything to the contrary contained herein or in the Company Lease and the Agency Lease, in the event the Exemption Application is denied for any reason, the Company shall pay (and hereby agrees to pay, subject to the Company’s right to challenge the underlying assessments on the Project Facility pursuant to the terms hereof) all Real Property Taxes levied upon the Project Facility as they become due. After giving written notice to the Agency, the Company may in good faith contest the denial of the Exemption Application, provided that (i) the Project Facility continues to qualify as a “project” under the Act; (ii) neither the Project Facility nor any part of or interest in it would be in any danger of being sold (except as permitted under the Agency Lease), forfeited or lost; or (iii) neither the Company nor the Agency, as a result of such contest, shall be in any danger of any civil or criminal liability. The Company hereby waives any claim or cause of action against the Agency, and releases the Agency from any liability to the Company, arising from the denial of an exemption from Real Property Taxes except to the extent that such denial results solely from the failure of the Agency or its representatives to timely file the Exemption Application with the appropriate assessor(s) or the Real Property Tax Office of the County.

Section 2.3. Scope of Exemption.

This Agreement shall cover the Company’s interest in the Project Facility but shall not cover the interests of underlying landowners or improvements owned by underlying landowners. The Company will work with the Town assessor to separately identify the Project Facility using sub-parcels or separate parcels under the Town’s tax parcel identification system.

Section 2.4. Term and PILOT Payment Years.

The term of this Agreement (the “Term”) shall commence as of the date of this Agreement and shall expire on December 31 of the fiscal years of the Town and the County associated with the last PILOT Payment Year (defined below) hereunder. This Agreement shall provide for payments in-lieu of Real Property Taxes that would otherwise be due (“PILOT Payments”) with

respect to the Tax Years associated with the first fifteen (15) annual assessment rolls commencing with the Tax Year following the COD Taxable Status Date, as illustrated in the schedule in Section 2.7(a) below (each a “PILOT Payment Year”). For example, the PILOT Payment Year associated with the 2022 assessment roll year (based on the March 1, 2022 taxable status date) covers the 2022-2023 fiscal year of the School District and to the 2023 fiscal years of the Town and the County.

Section 2.5. PILOT Payments.

a. PILOT Payment Amount. Commencing with the first Tax Year following the COD Taxable Status Date, the Company shall make annual PILOT Payments to the Agency for the benefit of the Tax Jurisdictions in the amounts set forth in the table below.

PILOT Payment Year	PILOT Payment (\$)
1	5,798.45
2	5,684.75

5	5,356.87
6	5,251.83
7	5,148.86

9	4,948.92
10	4,851.88
11	4,756.75
12	4,663.48
13	4,572.04
14	4,482.39
15	4,394.50

b. Supplemental PILOT Payments for Additional Improvements. Future improvements that do not become part of the Project Facility or are not directly and solely related to the operation of the Project shall not be covered by this Agreement. However, in the event the Company expands or constructs an addition to the Project Facility that is subject to the Company Lease and the Agency Lease (“Additional Improvements”), the Company shall make supplemental PILOT payments (“Supplemental PILOT Payments”) for the remainder of the Term following the first taxable status date occurring after construction of such Additional Improvements. Supplemental PILOT Payments shall be determined based on the assessment placed on any such Additional Improvements by the Town assessor. The Town assessor shall (a) appraise the Additional Improvements in the same manner as other similar properties in the general area of the Project Facility, and (b) place a value for assessment purposes upon the Additional Improvements (the “Additional Assessed Value”), equalized if necessary by using the appropriate equalization rates as apply in the assessment and levy of real property taxes. The Company shall be entitled to written notice of the initial establishment of such Additional Assessed Value and of any change in such Additional Assessed Value. Supplemental PILOT Payments shall equal the Additional Assessed Value times the combined property tax rate for the Tax Jurisdictions for each PILOT Payment Year for which a Supplemental PILOT Payment is owed. Supplemental PILOT Payments shall be due at the same time PILOT Payments are due.

c. Allocation of PILOT Payments. PILOT Payments shall be allocated among the Tax Jurisdictions in proportion to the amount of real property tax and other taxes which would have been received by each Tax Jurisdiction had the Project not been tax exempt due to the involvement of the Agency.

Section 2.6. Credits for Real Property Tax Payments.

Any Real Property Taxes paid by the Company to the Tax Jurisdictions with respect to the Project Facility or any portion thereof during the Term will be applied as a credit against PILOT Payments due under this Agreement. No credit shall be given for any Special District Taxes paid by the Company. If the Company desires to claim a credit against any particular PILOT Payment due hereunder, the Company shall give the tax levying Tax Jurisdiction(s) and the Agency prior written notice of its intention to claim any credit pursuant to the provisions of this Section, such notice to be given by the Company at least ten (10) days prior to the final date by which such PILOT Payment must be paid hereunder. Such credit shall be applied against the allocated share(s) of the next annual PILOT Payment made to the levying Tax Jurisdiction(s).

Section 2.7. Due Dates, Invoices, and Late Payments.

a. Due Dates. The first PILOT Payment shall be due on or before the first January 31 following the COD Taxable Status Date. Thereafter, each annual PILOT Payment shall be due on or before January 31 of the applicable PILOT Payment Year, as illustrated in the schedule shown below. The following table is intended to serve as an illustration of the timing of PILOT Payments under this Agreement, and associated fiscal years of the Tax Jurisdictions, if the Project has a COD Taxable Status Date of March 1, 2022.

Section 3. Default.

a. Event of Default. Any one or more of the following events shall constitute an event of default under this Agreement, and the terms "Event of Default" or "Default" shall mean, whenever they are used in this Agreement, any one or more of the following events:

ii. Failure of any Party, or in the case of the Company, the Company and any Financing Party (as defined in the Agency Lease), to perform its obligations under this Agreement, other than the payment of PILOT Payments, for a period of thirty (30) days after written notice of Default from another Party to the defaulting Party specifying the nature of such Default and requesting that it be remedied; *provided, however*, that if such failure is not feasibly capable of cure within thirty (30) days, the defaulting Party, or in the case of the Company, the Company and any Financing Party (as defined in the Agency Lease), shall be granted additional time to effect cure, provided the effort to cure has been commenced within such thirty (30) day period and prosecuted with due diligence; or

iii. Any material warranty, representation or other statement made by or on behalf of any Party contained in this Agreement shall prove to have been false or incorrect in any material respect on the date when made or on the effective date of this Agreement and, in each

case, any material adverse effect of such false or incorrect representation or warranty is not eliminated or addressed to the reasonable satisfaction of the non-defaulting Party within a period of thirty (30) days after receipt of notice by the defaulting Party. If such false or incorrect representation or warranty is not feasibly capable of cure within thirty (30) days, the defaulting Party, or in the case of the Company, the Company and any Financing Party (as defined in the Agency Lease), shall be granted additional time to effect cure, provided the effort to cure has been commenced within such thirty (30) period and prosecuted with due diligence.

All disputes arising out of or in connection with this Agreement shall be decided in the first instance by the New York State Supreme Court, Jefferson County, to the exclusion of all other courts, except that the Parties shall have all appeal rights allowed by State law. The Parties executing this Agreement hereby submit to the jurisdiction of the New York State Supreme Court, Jefferson County, for purposes of all such suits.

b. Severability. In the event that any of the provisions of this Agreement are held to be unenforceable or invalid by any court or regulatory authority of competent jurisdiction, the validity and enforceability of the remaining provisions shall not be affected so long as the Parties renegotiate the unenforceable or invalid provision(s) in order to accomplish the goal and intent of this Agreement.

iii. Payments Upon Termination. Following termination of this Agreement, the parties anticipate that the Tax Jurisdictions will levy or re-levy Real Property Taxes on the Project Facility for all or portions of the Tax Years following the Tax Years covered by the final PILOT Payment. In the event this Agreement is terminated effective as of a date after the commencement of the current fiscal year of School District and before the Company's payment of the PILOT Payment falling due on January 31 of that fiscal year, the Company shall, not later than the effective date of termination, make a partial PILOT Payment to the Agency equal to the elapsed portion of that fiscal year at the time of termination multiplied by the portion of the forthcoming PILOT Payment which would have been due the School District pursuant to Section 2.5 above.

h. Execution in Counterpart. This Agreement may be executed in any number of counterparts each of which shall be deemed an original and all of which taken together shall constitute one and the same instrument. This Agreement, and any amendments hereto or, to the extent signed and delivered by means of a facsimile machine or electronic transmission in portable document format (PDF), shall be treated in all manner and respects as an original agreement and shall be considered to have the same binding legal effects as if it were the original signed version thereof delivered in person. No Party shall raise the use of a facsimile machine or electronic transmission in PDF to deliver a signature or the fact that any signature was transmitted or communicated through such means as a defense to the formation of an agreement and each Party forever waives any such defense.
